## Extraordinary Q2 2024 Review Calendar Adjustment due to The Saudi Exchange closure scheduled between June 13<sup>th</sup> and June 23<sup>rd</sup>, 2024

Dear Customer,

STOXX Ltd., the operator of ISS STOXX index business and a global provider of innovative and tradable index concepts, today announced an extraordinary review calendar adjustment following The Saudi Exchange closure scheduled from June 13<sup>th</sup>, to June 23<sup>rd</sup>, 2024.

The Saudi Exchange closure coincides with the scheduled Quarterly Review Announcements and Quarterly Review implementation, which prevents the replicability of Indices containing Saudi Arabian securities during the Q2 2024 Review.

In order to ensure the tradability and replicability of STOXX indices containing Saudi Arabian securities, and in line with Section 9 of the STOXX Calculation Guide, the following **extraordinary measures** have been approved by the STOXX Index Governance Committee: **"Preponement of the Underlying Data Announcement files to Monday, June 10<sup>th</sup>, 2024** Market close **for a defined set of STOXX indices** as defined in appendix of this communication".

### Overview of the Preponement of the Underlying Data Announcement files to Monday, June 10<sup>th</sup>, 2024

- The Underlying Data Announcement will be published on Monday, June 10<sup>th</sup>, 2024.
- The Underlying Data Announcements will be produced using the close prices from Friday 7<sup>th</sup>, 2024.
- For the Price Weighted indices (as listed in appendix), the review cut-off date used for risk model data and weight factor calculation will be Friday 7<sup>th</sup>, 2024.
- The Review Effective Date remains unchanged to June 24<sup>th</sup> 2024.
